

POWERING YOUR ADVENTURES

# BATTERYCHARGE7.5

7.5A 12V & 24V BATTERY CHARGER

BM PRO's BatteryCharge7.5 is an automatic battery charger with ten charge states designed to increase your battery's life and performance.

Adjustable to 3.75, 5 or 7.5A and compatible with all 12 and 24V lead-acid (AGM, Gel, Calcium, Wet) and LiFePO4 lithium batteries - the BatteryCharge7.5 is ideal to service your car, caravan, bike, truck or boat battery charging needs.

Equipped with short-circuit, overtemperature and overload protection, the BatteryCharge7.5 has a large LCD display with indicators to let you know the charge progress of your battery.

## SPECIFICATIONS

Output	3.75A / 5A / 7.5A
Input	240V, 50Hz
Battery Size	10-240Ah
Battery Type	Lead-acid, LiFePO4
Battery Chemistry	AGM, Gel, Calcium or Wet, LiFePO4
Charger Type	Multi-stage
Power Supply Mode	13.6V

## KEY FEATURES

- Multi-stage charger with adjustable output
- Ability to charge multiple battery chemistries
- LCD display shows charge progress
- Overload and reverse connection protection
- Capable of charging battery sizes 10-240Ah
- Durable casing
- Large clamps for easy battery connection
